

Alpine

Patio Covers & Attached Carports, dent resistant model

- Designed for dent resistance and durability, the perfect cover for areas with a lot of hail.
- Galvalume® steel combines barrier protection of aluminum and zinc against cuts and scratches.
- Galvalume® is guaranteed against rusting for 20-1/2 years, far longer than galvanized or painted steel.
- Extra strong, extruded aluminum fascia trim has a built-in gutter.
- Components are prepunched, making installation fast and easy.
